* Rates are per 100,000 and are age-adjusted using the 1996 Canadian population standard and the World population standard.

- Counts and rates are suppressed when fewer than 6 cases were reported for the specific cancer. The suppressed cases, however, are included in the counts and rates for All Sites combined.

* Rates are per 100,000 and are age-adjusted using the 1996 Canadian population standard and the World population standard.

- Counts and rates are suppressed when fewer than 6 cases were reported for the specific cancer. The suppressed cases, however, are included in the counts and rates for All Sites combined.

* Rates are per 100,000 and are age-adjusted using the 1996 Canadian population standard and the World population standard.

- Counts and rates are suppressed when fewer than 6 cases were reported for the specific cancer. The suppressed cases, however, are included in the counts and rates for All Sites combined.

* Rates are per 100,000 and are age-adjusted using the 1996 Canadian population standard and the World population standard.

- Counts and rates are suppressed when fewer than 6 cases were reported for the specific cancer. The suppressed cases, however, are included in the counts and rates for All Sites combined.

* Rates are per 100,000 and are age-adjusted using the 1996 Canadian population standard and the World population standard.

- Counts and rates are suppressed when fewer than 6 cases were reported for the specific cancer. The suppressed cases, however, are included in the counts and rates for All Sites combined.

* Rates are per 100,000 and are age-adjusted using the 1996 Canadian population standard and the World population standard.

- Counts and rates are suppressed when fewer than 6 cases were reported for the specific cancer. The suppressed cases, however, are included in the counts and rates for All Sites combined.

* Rates are per 100,000 and are age-adjusted using the 1996 Canadian population standard and the World population standard.

- Counts and rates are suppressed when fewer than 6 cases were reported for the specific cancer. The suppressed cases, however, are included in the counts and rates for All Sites combined.

* Rates are per 100,000 and are age-adjusted using the 1996 Canadian population standard and the World population standard.

- Counts and rates are suppressed when fewer than 6 cases were reported for the specific cancer. The suppressed cases, however, are included in the counts and rates for All Sites combined.

* Rates are per 100,000 and are age-adjusted using the 1996 Canadian population standard and the World population standard.

- Counts and rates are suppressed when fewer than 6 cases were reported for the specific cancer. The suppressed cases, however, are included in the counts and rates for All Sites combined.

* Rates are per 100,000 and are age-adjusted using the 1996 Canadian population standard and the World population standard.

- Counts and rates are suppressed when fewer than 6 cases were reported for the specific cancer. The suppressed cases, however, are included in the counts and rates for All Sites combined.

* Rates are per 100,000 and are age-adjusted using the 1996 Canadian population standard and the World population standard.

- Counts and rates are suppressed when fewer than 6 cases were reported for the specific cancer. The suppressed cases, however, are included in the counts and rates for All Sites combined.
