\* Rates are per 100,000 and are age-adjusted using the 1991 Canadian population standard and the World population standard.

- Counts and rates are suppressed when fewer than 6 cases were reported for the specific cancer. The suppressed cases, however, are included in the counts and rates for All Sites combined.

\* Rates are per 100,000 and are age-adjusted using the 1991 Canadian population standard and the World population standard.

- Counts and rates are suppressed when fewer than 6 cases were reported for the specific cancer. The suppressed cases, however, are included in the counts and rates for All Sites combined.

\* Rates are per 100,000 and are age-adjusted using the 1991 Canadian population standard and the World population standard.

- Counts and rates are suppressed when fewer than 6 cases were reported for the specific cancer. The suppressed cases, however, are included in the counts and rates for All Sites combined.

\* Rates are per 100,000 and are age-adjusted using the 1991 Canadian population standard and the World population standard.

- Counts and rates are suppressed when fewer than 6 cases were reported for the specific cancer. The suppressed cases, however, are included in the counts and rates for All Sites combined.

**Total Cancer Cases and Average Annual Age-adjusted Cancer Incidence Rates\***
