- Central Cancer Registries: Design, Management and Use-Second Edition; Menck H, Deapen D, Phillips JL, and Tucker T (Editors); Dubuque: Kendall/Hunt Publishing Co., 2007.

#### Technical Requirements

The NAACCR CTR Readiness Webinar will be conducted via Webex Web Conferencing. You can test your browser and operating system for compatibility with Webex at: [http://support.webex.com/support/support-overview.html?\\_nfpb=true&\\_pageLabel=TechnicalSupportHome](http://support.webex.com/support/support-overview.html?_nfpb=true&_pageLabel=TechnicalSupportHome) .

The audio portion of this webinar will be conducted using Voice Over Internet Protocol (VoIP). Rather than listening to the webinar sessions over the phone the audio will be transmitted through your computer. Participants will need computer speakers and a microphone or a head set with a microphone to participate. We will not be using phone conferencing for this webinar.
