NAACCR Town Hall Meeting

Thursday, April 30, 2009

at 2:00pm ET, 1:00pm CT, 12:00pm MT, 11:00am PT

Research Opportunity Using Registry Data

Expansion of the Current Osteosarcoma Surveillance Program

A one-hour NAACCR Town Hall Meeting will be held for RTI Health Solutions to introduce the expansion of their ongoing osteosarcoma surveillance program by establishing a New Data Linkage Study. They will solicit registry participation and gauge interest in this multiyear surveillance program.

The intended audience for this town hall meeting is registry directors, managers, epidemiologists, biostatisticians, and research staff.

See the associated file for this meeting covering the agenda, teleconference, and Web meeting information.
