Welcome to National Cancer Registrars Association’s Council on Certification Web site. The National Cancer Registrars Association’s (NCRA) Council on Certification promotes standardization in the collection and use of cancer data through examination and certification of Cancer Registrars and other cancer data specialists. The CTR®, Certified Tumor Registrar, credential marks achievement, fosters professional pride, and is nationally recognized in recruitment and retention of registry personnel.

2009 CTR EXAM

- Exam Dates
  Testing Window: September 12-26, 2009; Application Due by: July 31, 2009

- 2009 CTR Exam Handbook & Application (368KB PDF)

- The exam is a total of 6.5 hours; 3 hours maximum is allotted for Part I. After completing the first 200 items (Part I), candidates will indicate they are completely finished with Part I since they will NOT be able to go back to the first 200 items after the break. There will be a mandatory break in between Parts I & II to allow for the introduction of the reference materials needed for Part II. Any extra time from Part I may be carried over to Part II, which is a minimum of 2.5 hours.

- There’s no official “break” during Part I, but a candidate is allowed to go to the restroom during the closed book portion if they ask, but the time will continue to count down. For test security reasons, candidates must leave personal belongings in the testing room.

- The passing score is 175 questions (out of 250 questions).

- All questions are multiple-choice.

- Take a demo of Computer-Based Testing.

Location of all Call for Data Materials:
To find the forms and instructions, go to www.naaccr.org. Cancer Research, Annual Call for Data Materials.

Please read all the enclosed materials carefully. If you decide to participate in the Call for Data and/or Registry Certification, complete forms on the NAACCR website, and if you cannot submit an electronic signature, please fax those requiring a signature to Jim Hofferkamp.

The tasks for data submission follow. The tasks for the data submission are as follows. If you are submitting data only for Registry Certification, steps 5 through 9 do not apply. Please also refer to Figure 1, Flow Chart for NAACCR Data File Submission, located at the end of this document.

1. Submit one data file of all reportable cancer incidence cases by December 1, 2008 for residents of your coverage area, who were diagnosed from 1995 through 2006. The Definition of Requested Incidence Data for all uses, and for a submission for Registry Certification only are available on the NAACCR website.

2. Data submitted must adhere to the NAACCR standard definitions and codes. All cases as defined in the document Data Selection Criteria Based on Case Reportability for each diagnostic year should be included on the file, regardless of whether they are reportable in only some of the years due to changes in ICD-O versions. A table summarizing case reportability by year is available in the Call for Data section on the NAACCR website.

4. Perform the Duplicate Assessment Protocol on 2006 cases for Registry Certification and on 1995 through 2006 cases for CTCA.

Registration is now open for the NAACCR 2009-2010 Cancer Registry and Surveillance Webinar Series

When you purchase a NAACCR webinar series package you will receive:

1. Access to either 12, 9 or 6 live webinars carefully designed to meet your training needs.
2. Live question and answer sessions.
3. Quizzes, exercises, slides and various abstracting tools.
4. Technical support.
5. Recordings that you can add to your training library and watch at your convenience.

NAACCR will present a different webinar every month beginning in October of 2009 and going through September of 2010. Each webinar is three hours and will be presented on the first Thursday of each month. An application for continuing education hours has been submitted to NCRA.

We will kick-off the 2009-2010 season with an in-depth look at the changes for 2010 and end the season with a look at problematic coding issues in our Coding Pitfalls session.

In between we will have seven site-specific webinars (colon, lung, kidney, etc.) and three central registry specific sessions. For dates and a description of each webinar click on the DATES AND DESCRIPTION tab above.
