Welcome to the City of Bridges!

On behalf of the 2018 NAACCR Program Committee, the NAACCR Board of Directors, and, of course, Wendy Aldinger and the Pennsylvania Cancer Registry, I would like to welcome you to Pittsburgh, PA.

As its nickname suggests, Pittsburgh is a city of bridges… 446 to be exact. It is situated where the Monongahela and Allegheny Rivers meet to form the Ohio River in southeastern Pennsylvania. According to the Heinz History Center, the first river crossing bridge was built in 1818; but, before the bridges were built, settlers had to navigate "a rugged terrain of deep valleys, creeks, and rivers, isolating many of the city's residents." Our conference theme of *"Bridging the Path to the Future of Cancer Surveillance"* echoes Pittsburgh's history, setting the stage for the NAACCR community to create connections and to bridge different disciplines so that we are no longer working in isolation but rather generating shared solutions that will advance cancer surveillance and cancer research. This is our hope for this year's conference.

To that end, many of the themes throughout the conference center on bridging knowledge gaps between cancer registrars, computer programmers and computer engineers, informaticists, epidemiologists, data scientists, biostatisticians, geographers, medical and clinical experts, and many others. The conference week actually begins with an interdisciplinary group at our inaugural *Cancer Informatics Hackathon: Forging Solutions for Cancer Control*, where computer programmers and cancer registry experts will dare to hack their way through cancer control software problems. Hacks will be presented and judged on Monday, June 11 at 5:00pm outside the Exhibit Hall and awards will be announced on the final day of the conference, Thursday, June 14.

Our Keynote Speaker on Day 1 bridges cancer and courage. In his talk, "Cancer Registry is a Marathon", Matt Jones will use his experience as a 3-time cancer survivor and marathon runner to encourage, motivate, and inspire our community toward personal and professional success. During our plenary sessions we will hear speakers talk about *Bridging to the Future of Cancer Surveillance* through advances in precision medicine and immunotherapy, updated laws and regulations, new data sources, and cancer control and better measurement of clinical care and patient-reported outcomes. We will also have concurrent sessions that span several disciplines but all bridge the gaps in cancer surveillance including:

- The Long and Winding Road: Natural Language Processing (1-C)
- Finding Home: Advances in Residential History Data (1-D)
- Global Perspectives on Survival (2-B)
- On the Path to XML (2-C)
- Bridging the Timeliness Gap (2-D)
- Cancer Disparities Tools: SEER HD*Calc Tool (2-E)
- Virtual Pooled Registry Cancer Linkage System (3-C)
- Biomarkers & Tissue Repositories (4-E)
- Data Visualization (5-D)

We are also continuing our *Young Talks* from last year's conference, which will be held during session breaks; but, make a note that *Birds of a Feather "Doing More with Less"* is scheduled from 5:30pm-6:30pm at the end of Day 1, Tuesday, June 12 and the *Business Meeting* is scheduled from 8:15am-8:45am the morning of Day 2, Wednesday, June 13.

#NAACCR2018 is not all work and no play – don't forget about the *Explore Pittsburgh Bike Tour* on Day 2, Wednesday, June 13, our *NAACCR Fun Run/Walk* (6:30am, Day 3, Thursday, June 14) and all the interesting sites and experiences around Pittsburgh including The Andy Warhol Museum, Carnegie Science Center, and the Strip District.

Before I close, I'd like to thank each of you for attending the conference and hope that we can continue to build and fortify the bridges that we have created in our NAACCR community!

Sincerely,

Nan Stroup
New Jersey State Cancer Registry
NAACCR Board President

CONFERENCE REGISTRATION INFORMATION

The Conference Registration and Information Desk is located at the Ballroom level of the Wyndham Grand Pittsburgh Downtown and is open during the following days and times:

Monday, June 11   12:00pm to 7:00pm
Tuesday, June 12   7:00am to 5:00pm
Wednesday, June 13   7:30am to 11:45am
Thursday, June 14   7:00am to 11:30am

Pre Conference registration and check-in desks are located outside the Pre Conference rooms.

Any inquiries about the conference, social functions, etc., may be answered by any of the staff at the registration desk. Registered participants will receive their conference documents and badges at the registration desk. Please note that admission to the Opening Reception is by ticket only. Please be sure, you wear your name badge to all social events, workshops, and sessions.

SESSIONS

The Plenary Sessions will be held in the Grand Ballroom and Exhibits and Posters in the Ballroom 2, 3 and 4. Workshops and Concurrent Sessions will be held in King's Garden Rooms 1 to 5 on the Ballroom level.

OPENING RECEPTION

Tuesday, June 12, 2018

The Opening Reception will be held in the Grand Ballroom at 7:00pm. It serves as the perfect gathering place to enjoy networking, fabulous foods, and allows you to unwind and show your dance moves.

CONTINUING EDUCATION CREDITS

Continuing Education credit is provided by the National Cancer Registrars Association (NCRA). You will be able to conveniently download the 2018 NAACCR Annual Conference CE Hours Form from the NAACCR website at *naaccr2018.org*.

EXHIBITS AND POSTER INFORMATION

Exhibits and Posters will be located in Ballroom 2, 3 and 4 on the Ballroom level.

All delegates are encouraged to take the opportunity to visit the exhibits and posters to become familiar with some of the latest advances and research in the field.

They will be available at these times:

EXHIBIT HOURS

Monday, June 11   5:30pm – 7:00pm
Tuesday, June 12   7:00am – 5:00pm
Wednesday, June 13   7:00am – 12:00pm
Thursday, June 14   7:00am – 3:30pm

CYBER CAFÉ

The Cyber Café is located within the Exhibit area and can be accessed during exhibition hours.

CONFERENCE EVALUATION

The 2018 conference evaluation will be available in electronic format only.

Please visit *naaccr2018.org* to complete your evaluation. All delegates will be emailed reminders with a link to the evaluation form after the conference.

MOBILE APP DIRECTIONS

1. Visit *eventmobi.com/app/naaccr2018*

2. Tap the "Get The App" button

3. The app will automatically download from your app store and launch the event!

BRIDGING THE PATH TO THE FUTURE OF CANCER SURVEILLANCE

The 2018 conference will provide attendees with the opportunity to learn from national experts in cancer surveillance, cancer registry operations, and cancer research. Sessions will explore the new era in cancer surveillance from multiple perspectives in North America.

SATURDAY JUNE 9 — MONDAY, JUNE 11

Daily: Sat to Mon 8:30am - 4:30pm	Offsite (Downtown Pittsburgh)	**Cancer Informatics Hackathon**	**WORKSHOP**
		Presented by The North American Association of Central Cancer Registries.	

SATURDAY, JUNE 9

8:30am - 5:30pm	King's Garden 5	**SEER*Stat Basic Software Training**	**WORKSHOP**
		SEER*Stat Basic Training covers case listing, frequency, and rate sessions. Joinpoint regression software and an introduction to Delay-Adjustment are also included. This course also includes a basic overview of age-adjustment and some key analytic fields.	

SUNDAY, JUNE 10

8:00am - 5:00pm	King's Garden 1	**Board of Directors Meeting**	**MEETING**
8:30am - 5:30pm	King's Garden 3	**Advanced SEER*Stat Software Training**	**WORKSHOP**
		SEER*Stat Advanced Topics cover survival, limited-duration prevalence, multiple primary analysis, and left-truncated life tables analysis using SEER*Stat.	
9:00am - 2:00pm	King's Garden 4	**Geocoding and Updates to the NAACCR Geocoder**	**WORKSHOP**
		The Geocoding Operations course is a practical course designed to help registries improve their geocoding operations. This course will provide an overview of how geocoding works, outline pre- and post-geocoding processes, and detail recent changes with the NAACCR Geocoding. Special attention will be made to issues with geocoding quality and new features of the NAACCR Geocoder: MicroMatch Status, Penalty Score, Minimum Match Score, Exhaustive Search Function, and Interactive Geocoding Interface. Participants may upload registry data to the NAACCR geocoder prior to the course or use a non-confidential data set.	
9:00am - 5:00pm	King's Garden 5	**SEER Quality Improvement Experts Meeting**	**MEETING**
		(Invitation Only)	
1:00pm - 5:00pm	King's Garden 2	**Match*Pro Training: Navigating the NEW Linkage Software**	**WORKSHOP**
		This course will provide instruction on the use of Match*Pro, a new linkage software developed by IMS, Inc. Attendees will learn about basic linkage concepts, receive instruction on Match*Pro software functionality, and have the opportunity to perform test linkages and explore the system capabilities. This course is highly recommended for participants in the Virtual Pooled Registry (VPR). Match*Pro will be the software used for these linkages.	

MONDAY, JUNE 11

8:00am - 5:00pm		**NAACCR Committee and Partner Meetings** Rooms are available for Steering Committees as well as work groups, task force groups, and subcommittee meetings that fall under each Steering Committee.	MEETINGS
8:00am - 5:00pm	King's Garden 2	**CDC / NPCR Informatics Training** (Invitation Only)	TRAINING
12:00pm - 7:00pm	Ballroom Foyer	NAACCR Annual Conference Registration and Check In	
2:00pm - 3:00pm	King's Garden 3	Communications Steering Committee Meeting	
2:00pm - 4:00pm	King's Garden 1	Standardization and Registry Development Steering Committee Meeting	
3:00pm - 4:00pm	King's Garden 4	Research and Data Use Steering Committee Meeting (All Attendees Invited)	
5:00pm - 6:30pm	Ballroom Foyer	**Hackathon Presentations and Judging** Prior to the Annual Conference NAACCR hosted a Hackathon in Downtown Pittsburgh. The competing teams will present their projects and results for judging. Join us for this truly unique event.	
5:30pm - 7:00pm	Ballroom 2, 3, 4	**NAACCR Exhibitor Showcase and Poster Pre-Viewing** All conference attendees are encouraged to attend the Exhibitor and Poster Pre-Viewing. Catch up with colleagues to meet and have a small bite to eat before you head out for the evening.
