Welcome to the combined annual conference of NAACCR and IACR for 2019.

The International Association of Cancer Registries (IACR) organizes annual scientific meetings on five continents in sequence, and co-organization with the North American Association of Central Cancer Registries (NAACCR) is customary at the turn of North America once every five years. At this combined annual conference, IACR members can learn about data collection to utilize in cancer control from the latest cancer registries belonging to NAACCR. For NAACCR members, they will see the newly launched cancer registries and the variety of research in the world. This is a great opportunity for both members to get in touch with global colleagues in the field of cancer surveillance. This year, the workshops, sessions and social events of academic meetings are also most common for both associations. Many sessions will be held in parallel. You will see that the cancer registry data is utilized to a great extent. There may be many people who do not see each other regularly. Why not have a bit of courage to interact during the combined annual conference? I hope these five days will stimulate you in your activities and be remembered for a long time.

Tomohiro MATSUDA
President
International Association of Cancer Registries (IACR)

Welcome! Bienvenue! and Hafa Adai¹
NAACCR and IACR members!

On behalf of the NAACCR Board of Directors and the Program Committee, I would like to welcome everyone to the combined 2019 Annual Conferences of NAACCR and IACR. NAACCR and IACR are co-hosting this year’s annual conference and are eager to share our collective work to improve cancer surveillance and advance our understanding of cancer on a global scale.

It seems quite apropos that we are meeting as an international community in the “city of neighborhoods²,” Vancouver, British Columbia, Canada, where immigrants from around the world have settled in more than a dozen large ethnic enclaves within the city limits like Gastown, Granville Island, Chinatown, and Punjabi Market, just to name a few. Vancouver’s history and remarkable diversity is the perfect meeting place for our international community.

As we gather here in Vancouver, I’d like to encourage NAACCR members to network with IACR sister registries and attend the wide variety of talks we have planned covering areas such as cancer registry operations, epidemiology, biomarkers, bioinformatics, emerging registries, genomics, and Asian cancer surveillance. We are also proud to host Dr. Elisabete Weiderpass, the Director of the International Agency for Research on Cancer (IARC), who will be giving the Clemmensen keynote lecture on the IARC Vision and Cancer Surveillance.

Finally, please take some time to visit our exhibits and posters, and don’t forget to share your conference experience using #NAACCR_IACR2019 and follow us @NAACCR on social media.

Antoinette M. Stroup, PhD
New Jersey State Cancer Registry
NAACCR Board President

¹ “Hafa Adai” is pronounced ha-fa-day and means “Hello” in my native Chamorro language.

CONFERENCE OUTDOOR ACTIVITIES

NAACCR/IACR CONFERENCE BIKE OUTING

Wednesday, June 12, 2019: 3:20pm – 6:30pm
Prior registration required.

Participants will meet in the hotel lobby for an entertaining and active guided bike tour around the False Creek area. Participants will leave the hotel lobby and take a short 10-minute walk to the bike pick-up location. From there, they will embark on a guided leisurely-paced bike ride. The total bike ride time is about 2 hours, including stops, and approximately 12 km / 7.4 miles in length. After the ride, participants will meet at the starting point and walk back to the hotel together.

NAACCR FREE FUN RUN / WALK

Thursday, June 13, 2019: 6:30am – 7:30am

NAACCR encourages all attendees to take advantage of the NAACCR walk/run. It is estimated that over half of cancer cases can be prevented by lifestyle changes such as exercise, the limitation of tobacco use, and improved nutrition. Meet in the hotel lobby to enjoy a nice 3-kilometer walk or jog to start your day off right!

VANCOUVER FOODIE TOURS

► www.foodietours.ca

Vancouver Foodie Tours offer food tasting and cultural walking tours. Indulge in a feast for your eyes, belly and mind, tasting signature dishes at award-winning Vancouver gourmet restaurants, food shops and food trucks. Learn about the origin of ingredients, how dishes are prepared, as well as the history, culture, and architecture of Vancouver.

WEST COAST SIGHTSEEING HOP ON/OFF BUS TOURS

► www.westcoastsightseeing.com

Cruise and choose from over 20 stops at world-class attractions on West Coast Sightseeing Hop On/Off Bus Tours. Enjoy a birds-eye view of Vancouver at your own pace, complete with commentary.

CANADIAN CRAFT TOURS

► www.canadiancrafttours.ca

Enjoy some of the best beer and wine the Vancouver has to offer. Award winning beer and wines in Vancouver and the Fraser Valley, breath taking vistas. Let Canadian Craft Tours show you behind the scenes of a Vancouver Craft Brewery or local Fraser Valley winery. All Tours take place within the Greater Vancouver area.

VANCOUVER WHALE WATCHING

► www.vancouverwhalewatch.com

Join professional Vancouver Whale Watch Guides for a 3 to 5-hour tour, departing from the picturesque West Coast fishing village of Steveston. Travel through the spectacular Gulf and San Juan Islands to find Orcas (Killer Whales) and Humpback Whales, you’ll have the opportunity to see a diverse marine ecosystem.

LANDSEA TOURS AND ADVENTURES

► www.vancouvertours.com

Landsea Tours has been providing professionally guided sightseeing tours for over 30 years. They provide stress-free exploration with unparalleled expertise and local knowledge.

Landsea Tours is pleased to offer all delegates & traveling companions of the 2019 North American Association of Central Cancer Registries special rates on all scheduled sightseeing tours between June 6 – 16, 2019. Use code “NAACR2019” at the payment screen to receive your discount.
CONFERENCE REGISTRATION INFORMATION

The Conference Registration and Information Desk is located in the Pre-Function area on the conference level (4th floor) of the JW Marriott Parq Vancouver. It is open during the following days and times:

- Monday, June 10: 12:00pm – 7:00pm
- Tuesday, June 11: 7:00am – 5:00pm
- Wednesday, June 12: 7:30am – 12:00pm
- Thursday, June 13: 7:00am – 11:30am

The Pre-Conference workshop registration and check-in desk is located outside of the Fairview Ballroom in the Kitsilano Pre-Function area.

Any inquiries about the conference, social functions, etc., may be answered by any of the staff at the registration desk. Registered participants will receive their conference documents and badges at the registration desk. Please note that entrance to the 2019 IACR / NAACCR Combined Conference Reception on Tuesday is by ticket only. Please be sure to wear your name badge to all social events, workshops, and conference sessions.

SESSIONS

Workshops and concurrent sessions will be held in various rooms on the same floor.

MEET AND MINGLE

Monday, June 10, 2019: 5:30pm – 7:00pm

Connect with colleagues and make new connections before you head out for dinner. Get an early opportunity to meet with exhibitors, vendors, and sponsors of the IACR / NAACCR combined conference. We will have a raffle for all attendees. Light appetizers and a cash bar will be available.

2019 IACR / NAACCR COMBINED CONFERENCE RECEPTION

Tuesday, June 11, 2019: 6:30pm – 9:30pm

This is a great opportunity to meet with friends and colleagues. You will also be sure to meet new acquaintances to expand your professional network. This one-of-a-kind event will offer networking with the international IACR community. Entertainment and heavy appetizers will be available to attendees. Cash bar will also be available.

CONTINUING EDUCATION CREDITS

Continuing Education credit is provided by the National Cancer Registrars Association (NCRA). You will be able to conveniently download the 2019 NAACCR Annual Conference CE Hours Form from the NAACCR website at NAACCR-IACR2019.org.

EXHIBITS AND POSTER INFORMATION

Exhibits and Posters will be located in various areas on the conference level.

All delegates are encouraged to take the opportunity to visit the exhibits and posters to become familiar with some of the latest advances and research in the field. Poster presenters are strongly encouraged to stand by their posters during the Tuesday conference breaks. To be eligible for judging, student poster presenters are required to be present during the morning and afternoon break on Tuesday.

Exhibits and Posters will be available at these times:

- Monday, June 10: 5:30pm – 7:00pm
- Tuesday, June 11: 7:00am – 5:00pm
- Wednesday, June 12: 7:00am – 1:30pm
- Thursday, June 13: 7:00am – 3:30pm

CYBER CAFÉ

The Cyber Café is located on the conference level and can be accessed during the conference.

CONFERENCE EVALUATIONS

2019 conference evaluations will be available in electronic format only.

Please visit NAACCR-IACR2019.org to complete your evaluation. All delegates will be emailed reminders and links to the evaluation forms after the conference.

MOBILE APP DIRECTIONS

Go to your App/Google Play Store and search for “NAACCR/IACR 2019.”

Download the conference app with the conference name and logo icon and find all the information about the annual conference on your phone.

Complimentary WiFi is available on the conference level:

### Virtual Tumor Registry & Biospecimens

**Moderator:** Lorraine Shack

| Kitsilano Salon A | 1F1 | Elevating the Science of Cancer Research by Using the Central Cancer Registry as a Virtual Tissue Repository (VTR)  
*T Tucker, Kentucky Cancer Registry, Lexington, KY, United States*

| Kitsilano Salon A | 1F2 | Using Cancer Registry Infrastructure and Linkage to Biobank Facilities to Investigate the Role of Infectious Agents in the Progression from Oesophageal Premalignancy to Cancer  
*L Anderson, Northern Ireland Cancer Registry, Belfast, United Kingdom*

| Kitsilano Salon A | 1F3 | SEER-Linked Virtual Tissue Repository (VTR) and Preliminary Pilot Program Findings: Lessons Learned about Tissue and Future Vision  
*A Van Dyke, National Cancer Institute, Bethesda, MD, United States*

### Emerging Registries I

**Moderator:** Les Mery

| Kitsilano Salon B | 1G1 | Implementing a Sub-Regional Virtual Cancer Registry to Support Cancer Registration in 10 Caribbean Countries  
*S Quesnel-Crooks, IARC Caribbean Cancer Registry Hub, Port of Spain, Trinidad and Tobago*

| Kitsilano Salon B | 1G2 | IARC Regional Hub for Cancer Registration, Mumbai, India  
*L Mery, International Agency for Research on Cancer, Lyon, France*

| Kitsilano Salon B | 1G3 | Overcoming Challenges Related to Cancer Case Identification in Rural West Guyana  
*S Quesnel-Crooks, IARC Caribbean Cancer Registry Hub, Port of Spain, Trinidad and Tobago*

### Improving Geocoding Quality

**Moderator:** Recinda Sherman

| Kitsilano Salon C | 1H1 | NAACCR Geocoder Micro Match Status Codes: Criteria for Assessing Geographic Microdata Fitness for Use in High Resolution Spatial Analysis  
*D Goldberg, Texas A&M University, College Station, TX, United States*

| Kitsilano Salon C | 1H2 | Evaluation of Geocoding Quality in Montana: Considerations for Sub-County Analysis  
*H Zimmerman, Montana Central Tumor Registry, Helena, MT, United States*

| Kitsilano Salon C | 1H3 | Comparison of Two Geocoding Approaches to Estimate the Effect of Residential Ambient Pesticide Exposure on Prostate Cancer  
*L Thompson, University of Colorado, Denver, CO, United States*

| Kitsilano Salon C | 1H4 | NAACCR Geocoder Alias Tables: Improving Geocoding Quality Through the Inclusion of Placename Aliases  
*D Goldberg, Texas A&M University, College Station, TX, United States*

### Schedule

- **12:00pm - 1:30pm Parq Salon ABCD & Kitsilano Salon D**  
  **Lunch on Your Own / Exhibits / Posters**

- **12:00pm - 1:30pm Cambie**  
  **Medullary Thyroid Carcinoma Study Luncheon**  
  **Sponsor: United BioSource Corp. (Invitation Only Please)**

- **12:30pm - 1:30pm Kitsilano Salon C**  
  **NAACCR Hackathon Group Meeting**
**1:30pm - 3:00pm  Plenary Session 2**

**Birds of a Feather – Taking Flight!**

Taking flight with ideas for decluttering our work lives and keeping more things that “spark joy!”

6:30pm - 9:30pm Parq Salon Pre-Function & Parq Salon EF

**2019 IACR / NAACCR Combined Conference Reception**

*Ticket required for entry please.*

All conference attendees are encouraged to attend the 2019 Opening Reception. This is a great opportunity to meet with friends and colleagues. You will also be sure to meet new acquaintances to expand your professional network. This one of a kind event will offer networking with the international IACR community.

Entertainment and heavy appetizers will be available to attendees. Cash bar will also be available.

<tbody>
<tr>
<td>3:20pm - 6:30pm</td>
<td>JW Marriott Parq</td>
<td><strong>Bike Tour Activity</strong>&lt;br&gt;(Prior registration required)&lt;br&gt;This activity requires a separate registration prior to the conference. Attendees will meet in the hotel lobby for an entertaining and active guided bike tour of Vancouver areas of interest. Bike ride registrants will meet in the hotel lobby and take a short 10-minute walk to the bike pick-up location. From there, registrants will embark on a guided leisurely paced bike ride. The total bike ride time is about 2 hours, including stops. After the ride, registrants will meet back at the starting point and walk back together to the hotel.</td>

Roberto Zanetti MD, Piedmont, Italy

Roberto Zanetti graduated in medicine and completed the specialty in Preventive Medicine at the University of Torino, Italy. He obtained his PhD in Biometrics at the Milano University. Upon graduation, he was hired as junior epidemiologist at the Piedmont Cancer Registry, at which he went along his whole career. He was appointed at the direction of the Registry in 1986 and retired from this position in October 2018.

Besides engaging in modernizing the registration process (through progressive automation), he promoted an intense use of the registration data for analytical case control-and cohort studies (both internally initiated and in cooperation with national and international research consortia) on aetiology of melanoma, non-melanoma skin cancer, breast cancer, mesothelioma. At the beginning of the nineties, when cervical and breast (later on also colon) cancer screening programs started in the country, the Piedmont Cancer Registry enriched its collection of data and improved its operations in order to timely provide information for the assessment of the screening results.

Roberto served as a member of the Board of Directors of the Italian Epidemiology Association, as Executive Secretary of the South European Group for Cancer Registration (GRELL), as member of the Board of Directors of the Union for International Cancer Control (UICC). He represented UICC as observer at the IARC Scientific Council from 2007 to 2011.

He has been the editor of the Monograph Cancer in Italy, author of the booklet “Facts and Figures of Cancer in Italy”, and the editor of the Italian edition of the TNM UICC manual.

Roberto Zanetti also served as consultant for epidemiology and cancer registration for the Ministries of Health of Italy, Switzerland and France. He has assisted Italian civil and criminal courts as expert in litigations and trials on matter of the cancer causality.

Roberto has been among the founders of the Italian Association of Cancer Registries, and the Anglesio Moroni Foundation and the recently established Fondo Elena Moroni for Oncology - charity based in Torino that supports the Enrico Anglesio Prize. His services to the International Association of Cancer Registries (IACR) include a term as Regional Representative for Europe and a term as President, and the contribution to the Editorial Team of the eleventh edition of Cancer Incidence in Five Continents.

Loraine Marrett, PhD, Ontario, Canada

Loraine Marrett is the Scientist Emeritus at the Aboriginal Cancer Control Unit, Prevention & Cancer Control at Cancer Care Ontario and a Professor at Dalla Lana School of Public Health at the University of Toronto.

Dr. Marrett received her PhD in statistics from the University of Edinburgh. She has worked as a cancer epidemiologist in Connecticut (1975-1982) and, since 1982, in Ontario.

Most of Dr. Marrett’s current work concerns surveillance of cancer and cancer risk factors in Canada’s First Nations, Inuit and Métis populations. She has also studied the relationship between exposure to ultraviolet radiation (solar and non-solar) and skin cancer, particularly focusing on enhancing prevention.

She has led the production of a number of reports and monographs, has authored or co-authored 150 papers in peer-reviewed journals and held numerous research grants.
The Fondo Elena Moroni awards the Enrico Anglesio Prize at the NAACCR / IACR Combined Annual Conference 2019. The Enrico Anglesio Prize recognizes a young researcher for original scientific research in cancer epidemiology.

To be eligible, candidates must be under 35 years of age and be the first and presenting author of the abstract selected for oral presentation. The abstract will cover original research which has not been presented elsewhere. The Jury, appointed by the Fondo, will evaluate candidates based on the following criteria:

- Clarity and incisiveness of the oral presentation
- Originality and relevance of the scientific work
- Quality of the abstract
- Curriculum of the candidate

Prize money is EUR 500,-. It is doubled to EUR 1000,- if the research is published within one year in a journal with impact factor between 2.00 and 4.00. It is further raised to EUR 1500,- if the journal has an impact factor over 4.00. The Enrico Anglesio Prize must be acknowledged in the article. The award ceremony will take place at the end of the IACR conference.

One year for publication means that 365 days is the maximum time between the date of the ceremony of award and the date of the letter of final acceptance from the journal to which the paper has been successfully submitted.

The prize award and the title of the research will be successively publicised through the websites and the newsletter of various organisations, through some scientific journals in the field and through the UICC newsletter.
