

**Standardization and Registry Development Steering Committee
July 25, 2019**

Attendance				
Members Present:		Board Liaisons Present:	NAACCR Staff Present:	Guests Present:
Lori Koch (Co-chair)	Sandy Jones	Kevin Ward	Lori Havener	Lois Dickie
Winnie Roshala (Co-chair)	Mary Jane King	Isaac Hands		
Peggy Adamo	Gary Levin			
Wendy Aldinger	Rich Pinder			
Eric Durbin	Randi Rycroft			
AGENDA ITEM		DECISION		ACTION/FOLLOW-UP
1. Roll				
2. Review action items from last meeting				
3. Consent Agenda (see items in Table 1 and go to SHARE Site for updates) Winnie reported UDS is still working on the potential data items for retirement. The standard setters have been contacted, but some have not yet reported back. Those the group has heard back from so far want to keep all their data items.				
4. Discussion Items				
a. ICD-O-3.2 – Lois IARC and WHO have released 3.2 in Excel. Lois was informed the standard setters don't think they will be implementing it until 2021. The ICD-O group is tasked with how to keep current in between versions. In addition to Lois reviewing and documenting changes, Westat also reviews the same in tandem. The ICD-O group does have representation from all the standard setters. Any suggestions for additional committee members to review the blue books would be appreciated. It would be ideal for Lois to have a co-chair for this committee.				<ul style="list-style-type: none"> Lori K. offered to find out the hierarchy of who Lois can send questions to, as she and Winnie are liaisons on the Mid-Level Tactical group.
b. 2018 Readiness Survey Questions were reviewed and minor adjustments made. Two additional XML questions were reviewed and approved.				<ul style="list-style-type: none"> Lori H. will send the edited survey to Tyler to make the final version.
c. Researchers issues with Data Standards and Data Dictionary (Volume II) – Isaac				
5. Other Business Gary Levin and Eric Durbin have agreed to co-chair the restructured Health IT group				
6. Tweet worth for Communications SC				
7. Board liaison report				
8. Next Meeting		Thursday, August 23 at 12:00-1:00pm Eastern
