AGENDA ITEM	DECISION	ACTION/FOLLOW-UP

1. Roll
    a. Introduce new members: Heather, Robin, and Valerie S.
       • Heather has been with the New Jersey State Cancer Registry for 10 years and is Program Manager for Cancer Surveillance Operations.
       • Robin has been with the Georgia Cancer Registry since 2009 and is the Director of Registry Operations.
       • Valerie has been with the Colorado Central Registry for 20 years and is the Data Quality Unit Supervisor.		

2. Review minutes/action items from last meeting		• Minutes from March 24th were approved
3. Discussion Items		
a. SSDI WG Report – Jennifer R. The SSDI 2023 updates are being finalized by the June 1. Jennifer reviewed the newest SSDI changes. Mary Jane asked a couple questions regarding changes to 8480 and P16 for anus.		
b. Edits specific to path reports (no full abstract) – Lori K.		
c. Need for definitions for Eternal/Ephemeral cases? – Lori K.		
d. Readiness survey – Lori K. The analysis was not done for the last survey. The last survey was not remarkably different from the previous. Valerie Y. added the XML portion did address the raw data from the survey. It was recommended if the SC wants to do a survey in the future to work with RDU to help identify a volunteer to do the analysis ahead of sending the survey out.	• The SC agreed to not send out another readiness survey.	• Another readiness survey is not planned so the old survey will not be analyzed.
e. Minimum Data Set TF – Lori K.		
f. Cancer Informatics Advisory Group update – Eric/Gary **i. CIAG response to the question of, Why do researchers want data faster?** CIAG had an open discussion regarding why researchers want data faster and Gary gave an overview of their answers to the question. Gary welcomed any input from the group members regarding CIAG's answers. Eric added their answers apply to more than just clinical trials.	• The group decided they would like to share the final outcome of this document with the NAACCR Board.	• Gary and Eric will take back to the CIAG for any additional input.
g. Mid-Level Tactical Group update – Lori K		
4. Other Business		
5. Tweet worthy for Communications SC		
6. Board liaison report – Wendy Aldinger
