State-Specific v23 Edits Metafile Information

October 7, 2022

The West Virginia Cancer Registry (WVCR) does not require or maintain custom fields. The WVCR therefore will not be posting a custom v23 edits metafile.

Software vendors should use the most current NAACCR Standard Edits Metafile as the required edit set for West Virginia facilities. The WVCR instructs facilities to clear NAACCR Standard Edits before submitting cases to the central registry.

Questions can be directed to Myra Fernatt, Data Manager, at Myra.N.Fernatt@wv.gov or (304) 352-6254.
