<b>AGENDA ITEM</b>	<b>DISCUSSION</b>		<b>ACTION/FOLLOW-UP</b>	
<b>1. Roll</b>				
<b>2. Review notes – Randi</b>			Approved	
<b>3. Updates from the Board – Wendy</b> Wendy reported that the March Board/Chair in-person meeting was March 4 <sup>th</sup> , and the Board meeting was March 5 <sup>th</sup> . Much of the discussion was focused on advocacy. The NAACCR leadership team will be reviewing advocacy policies and legislative policies to determine NAACCR goals and what we are hoping to get from advocacy initiatives. Anne Marie is preparing notes from the in-person meeting discussion on advocacy. The Board continues to review the CERT recommendations. Karen mentioned the March Coffee Break will focus on the value of central registries and she will ask managers to share evidence of their value using examples and/or stories.	There may be assignments for SPA based on the advocacy notes from the in-person meeting.			
<b>4. Value of population-based cancer surveillance – Randi</b> Randi reminded SPA of the list from the Board and that their feedback is due to the Board in May.	The SC agreed they will benefit from the Coffee Break discussions as they review the value of population-based cancer surveillance document.		Lori will post current document on Share for further discussion at the April SPA SC meeting.	
<b>5. High quality registries document – Randi</b> Randi reminded the SC that the Board has asked SPA to clarify the traits of a high-quality registry and organize the topics. There was much discussion on the traits as the group put them in the various categories and added examples.	The SC grouped the traits of a high-quality registry into the following categories: Standards, Data Use, Advanced Activities, and Advocacy.		Lori will post the high-quality registries document to Share for SC review prior to discussing at the April SPA meeting.	
<b>6. Portfolio for Patient Advocacy – Randi/Monique</b>				

<p>Randi reported there are no new updates to the portfolio. Karen thanked the SC for their work on the portfolio. Recently Karen was contacted by someone who does educational programming for the media that had interest in highlighting NAACCR as part of this education program. Karen used the current version of the portfolio to communicate NAACCRs value and shared some of the examples, it was very helpful.</p>		
<p><b>7. Narrative or Social Media topics – Wendy</b></p> <p>Wendy mentioned that in the future as the value of cancer surveillance and the high-quality registry documents are completed these may be topics for the Narrative and/or social media. Randi mentioned that the SC may want to consider using social media as we journey down the road of advocacy.</p>		
<p><b>8. Liaison Reports – Randi/Monique</b></p> <ul style="list-style-type: none"> <li>• OVAC – Randi reported that on their last meeting they discussed the upcoming deadline for the continuing resolution we are currently under. OVAC mentioned they thought it was highly unlikely for the deadline to be met and that this would either lead to another continuing resolution or a shutdown. It was reported that the two sides are close at the highest level. Karen mentioned an OVAC email she received about line level funding. NCI would be level-funded, but for CDC the amounts for cancer prevention programs were not specified.</li> <li>• ACoS: Randi provided an update on the CoC committee to review STORE and NCDB data items. There was discussion on the method of detection data items that CoC proposed for version 26 that were not approved by the MLTG. This group meets weekly and plans to have a list of recommendations by April.</li> </ul>		
<p><b>9. Summarize meeting for reporting to the Board – Randi/All</b></p> <ul style="list-style-type: none"> <li>• Did not discuss due to lack of time.</li> </ul>		
<b>Next Meeting:</b>	April 1, 2025 @ 11:30-1:00 ET
